## WORK EXPERIENCE

---

**OSKY Interactive**

Cyberjaya, Malaysia

Web Developer and Support Intern

**Jan 2024- May 2024**

- **Full Stack Proficiency:** Developed and submitted a comprehensive PHP test, showcasing backend skills, and addressed frontend challenges, displaying versatility in full-stack development.
- **Technical Problem-Solving:** Proactively resolved issues in project updates, such as OSKY Care and other project, highlighting strong problem-solving abilities and commitment to project success.
- **Continuous Learning and Adaptability:** Installed Ubuntu, engaged in the Odin Project, and enhanced Git understanding, reflecting a proactive approach to continuous learning and adaptability to new technologies.
- **Effective Collaboration and Communication:** Actively participated in internship meetings, contributed to collaborative discussions, and utilized version control (Git/GitHub) for effective team collaboration, emphasizing strong teamwork and communication skills.

## PROJECTS

---

**STUDENT REPRESENTATIVE COUNCIL SYSTEM**

Hybrid, Malaysia

Web-Based System on Localhost

**July 2023 - Nov 2023**

- **Web System Development:** Proficient in PHP, CSS, HTML, and Bootstrap to architect and develop a web-based system for the Final Year Project, showcasing hands-on technical skills.
- **Full-Stack Expertise:** Applied full-stack development, incorporating PHP for backend, CSS/Bootstrap for design, and HTML for structure. Ensured seamless integration for a comprehensive and effective system.
- **Custom System Engineering:** Engineered a tailored system for FCMC and INTECH, involving meticulous requirement analysis and the implementation of features catering to diverse user roles.
- **Innovative Governance Solutions:** Utilized technological innovation, integrating PHP, CSS, HTML, and Bootstrap to enhance user experience and streamline information flow, contributing to effective governance in the university ecosystem.

## CAMPUS INVOLVEMENT

---

### Information Technology Student Association (INTECH)

Kajang, Malaysia

Exco of Students Affair and Counseling

June 2022 – June 2023

- **Community Engagement and Fundraising:** Successfully organized and led programs to raise funds for the Lung Foundation Malaysia, showcasing commitment to community engagement and social responsibility.
- **International Collaboration:** Collaborated with other universities and companies from Dubai, fostering international connections and providing students with diverse opportunities for exposure and networking.
- **Volunteerism Promotion:** Ensured active student participation in volunteer activities by facilitating opportunities through the department, promoting a culture of giving back and community involvement.
- **Event Hosting and Coordination:** Demonstrated strong communication and leadership skills by serving as the Master of Ceremonies for various programs, ensuring smooth execution and engaging experiences for participants.

## COMMUNITY INVOLVEMENT

---

### IISSA ALUMNI ASSOCIATION (IAA)

Shah Alam, Malaysia

Secretary

Oct 2023 - Present

- **Leadership and Organizational Involvement:** Held a prominent role in the ISSA Alumni Association (IAA), showcasing leadership skills and active involvement in the organization's activities.
- **Networking and Relationship Building:** Fostered strong connections and relationships within the alumni community, contributing to the growth and engagement of the ISSA Alumni Association.
- **Event Planning and Execution:** Played a key role in planning and executing alumni events, creating opportunities for networking, knowledge exchange, and strengthening the bond among alumni members.
- **Professional Development Initiatives:** Initiated and contributed to programs aimed at supporting alumni in their professional development, ensuring the association's relevance in providing ongoing value to its members.

## ADDITIONAL

---

**Technical Skills:** Microsoft Software, Adobe Illustrator & Photoshop, Photography

**Programming Skills:** Proficient in Python
